October 2020

### **Curriculum Policy Consultation**

Relationship & Sex Education (RSE) From the Spring term 2021, it is a statutory requirement that all schools in England and Wales are teaching Relationship and Sex Education as a fundamental part of the curriculum. As part of implementing the RSE curriculum, schools must consult with the children, parents, staff and governors to ensure that there is a general consensus on our approach to policy and the curriculum content.

Ladywood Primary will be starting their consultation process on Monday 5th October 2020; the consultation will close on Monday 19th October 2020.

As part of this consultation parents/carers are asked to feedback on proposed policies and procedures. To assess these documents please refer to the school website, all information can be found in the Key Information tab - curriculum, RSE, Parent Consultation. Documents and our questionnaire have been available on the website since last week, but we would like to take the opportunity to hand out paper questionnaires before the close of the consultation.

Completed questionnaires should be handed into class or the office alternatively they can be returned electronically and emailed to Mrs Marsden ([k.marsden@ladywoodprimary.co.uk](mailto:k.marsden@ladywoodprimary.co.uk)).
