PSHCE Parent Views

At Ladywood Primary School we promote personal wellbeing and development through a well-established PSHCE (Personal, Social, Health, citizen and Economic) curriculum. All children are familiar and take part in Personal Development lessons (PD). PSHCE is the subject that gives children the knowledge, understanding and practical skills to make informed decisions about their wellbeing, relationships, feeling safe, being healthy and preparing for a successful adult life.

As the DfE statutory guidance states: 'Parents should be given every opportunity to understand the purpose and content of Relationships Education and RSE. Good communication and opportunities for parents to understand and ask questions about the school's approach help increase confidence in the curriculum. We initially consulted parents in October 2020 gathering parents' views within the initial curriculum development phase. I would now like to gather current parents' views on our present PSHCE curriculum. Therefore, I would ask you to give your views and answer the parent questionnaire. All information about what is taught and when is on our school website, on the curriculum tab within the Personal Development page: <https://ladywood-primary-school.secure-primariesite.net/personal-development-1/>

I will gather responses, give feedback and ensure parent voice is considered when reviewing our PSHCE curriculum.

Questionnaire link: <https://www.surveio.com/survey/d/U3Y9A9P7L5M4K6K6T>

Thank you for your continued support,

Mrs Marsden

PSHCE leader.
