Primary School

Ladywood Weekly News

Issue 33

Friday 6th June 2025

Dear Parents and Carers,

This week at Ladywood we have had an assembly to celebrate attendance. We are super proud of the attendance of children at Ladywood – as a school we are currently above the National Average and we would love it to stay that way. Each week the class with the best attendance for the previous week receives £5. Year 4 are our Attendance Super Stars to date and have £50 so far to spend on an end of term treat. Well done everyone and congratulations Year 4!

Father Fern and Father Paul from St Lukes also visited us this week to tell us all about the Pentecost Festival. Pentecost Sunday is celebrated 50 days after Easter. In 2025, it falls on Sunday, 8th June. This event is celebrated to commemorate the gift of the Holy Spirit.

From next week we will have a few staffing changes once again. Mrs Smith will join Mrs Goulding in Year 6 and Mr Bowering will return to Year 4 to support the children in Year 4 with their Multiplication Table Check. Year 6 will be continuing with lessons in the core (maths, English and Science) and the wider curriculum subjects as well as planning and preparing for their end of primary school events. Some Year 6 children will be taking part in extra catch up swimming lessons from Monday; you will have been notified if your child needs to take part in these sessions to achieve the end of KS2 swimming standard.

A few quick reminders to end the week;

- **Phonic Screening Checks** will take place for Y1 (and some Y2) children next week with Mrs McQuillan – please practice with your child at home this weekend.
- **Multiplication Table Checks** will take place with Mrs Bowering next week and the week after – please get your child to spend some time practicing on Times Table Rock Stars this weekend.
- **Sports Week will take place w/c 30.06.25** – please see details further in to the newsletter to find out what day you can attend to watch your child(ren) take part in sporting competitions.
- Children are not permitted to wear **FALSE/GEL NAILS** to school on the grounds of Health and Safety - we have had a few older girls in particular who have had to trim their nails back or remove them.

Yours sincerely,

Mrs CL Grainger-Roystone

Headteacher

Attendance

Our attendance target is 96%. Each week the class with the highest attendance receives an award and £5 credit towards an end of year treat. On the last week of term, **Y4** achieved the highest attendance of 97.3%. **WELL DONE!**

Lates

Polite reminder that if your child/ren arrive between 8.55am and 9.15am they will receive a late mark (L) code. If your child/ren arrive after 9.15am they will receive a (U) code which is also an unauthorised late mark and could lead to a fixed penalty. Absences, whether authorised or unauthorised will bring your child/ren's attendance down.

Illnesses

It can be tricky deciding whether or not to keep your child off school, nursery or playgroup when they're unwell. Please see illnesses information below.

Polite reminder that if your child/ren are unwell, please ensure contact is made to the office, via the app or leaving a voicemail on 01226 711488. Please ensure a reason for absence is provided daily.

Appointments in school time

Polite reminder that medical/dental appointments need to be arranged outside of school hours, on occasions this may be unavoidable, please always ensure appointment confirmation cards/letters are provided to the school office at the earliest opportunity so these can be added to your child/ren's record.

Home visits

Home visits will be carried out to check on the well-being of children who are absent from school. These visits will take place in cases where no contact can be made to establish reason for absence and on day 3 of absence in all cases, and will continue if absence persists. In some cases, dependent on the circumstances surrounding pupil absence, we may make a home visit sooner. If deemed appropriate, the Education Welfare Officer may make the home visit.

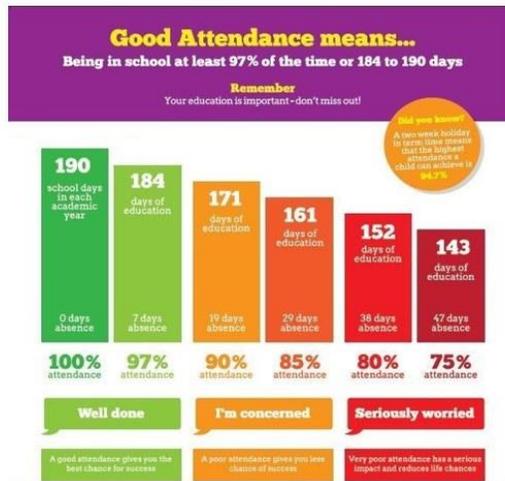

Leave of Absences

Penalty Notices are requested from schools and **issued by the Local Authority** to the parents/carers of statutory school age children, and can be issued per parent, per child. For example: 3 siblings absent for leave of absence in term time could result in **each** parent/ carer receiving 3 separate fines at the below rates.

- **First offence** - The first time a Penalty Notice is issued the amount will be: £80 per parent, per child paid within 21 days. This fine increases to £160 per parent, per child if paid after day 21, until day 28.
- **Second Offence (within 3 years)** - the second time a Penalty Notice is issued the amount will be £160 per parent, per child paid within 28 days.
- **Third Offence and Any Further Offences (within 3 years)** - the third time an offence is committed a Penalty Notice will not be issued, and the case may be presented straight to the Magistrates' Court under s.444 of the Education Act (1996) or other legal interventions considered. The Magistrates' Court can order fines up to £2500 per parent, per child.

Failure to pay a Penalty Notice will render you liable to criminal proceedings in the Magistrates Court under Section 444 of the Education Act 1996.

Ladywood Primary Attendance Awards September 2024–July 2025

Individual awards

- If your child/ren achieve 96% or above for 1 school term they will receive their Bronze attendance award
- If your child/ren achieve 96% or above for 2 consecutive school term's they will receive their Silver attendance award
- If your child/ren achieve 96% or above for more than 2 school term's they will receive their Gold attendance award
- Any child/ren with 100% attendance by the end of the academic year will receive a special award

When can my child return to school?

If you are worried, please seek further advice from your GP or community pharmacist
★ = Vaccine preventable

Chicken Pox 5 days from onset of rash and all the blisters have crusted over	Conjunctivitis No need to stay off, but school or nursery should be informed	Diarrhoea & Vomiting 48 hours from the last symptoms	Glandular fever No need to stay off, but school or nursery should be informed	Cold and Flu like illness (including COVID-19) No longer have a high temperature and feel well. Follow the national guidance if they've tested positive for COVID-19 ★	
Hand, foot & mouth No need to stay off, but school or nursery should be informed	Head lice No need to stay off, but school or nursery should be informed	Impetigo *Think Pharmacy First When sores are crusted & healed or 48 hours after starting antibiotics	Measles or German Measles ★ 4 days from onset of rash and recovered	Mumps ★ 5 days from onset of swelling	Scabies 24 hours after first dose of chosen treatment

Ladywood Sports Week!

Ladywood Sports week returns!

We welcome parents/carers to join us to watch their children participate in a number of sports events in the afternoon on the following dates:

- 30/06/2025 Nursery AM & Nursery 30 hours
- 30/06/2025 Nursery PM & Nursery 30 hours
- 01/07/2025 Class 1 & Class 2
- 02/07/2025 Class 3 & Class 4
- 03/07/2025 Class 5 & Class 6
- 04/07/2025 Reception Class

Time to be confirmed!

Nursery

This week in Nursery, we have been reading the story of 'The Tadpole's Promise' where we have learnt about the lifecycle of a frog and a butterfly. We have enjoyed making our own model butterflies. In Maths, we have been recognising numbers and practising our careful counting.

Next week, we will be reading the story 'Mad about Minibeasts' and will be discussing different minibeasts we can find outside. In Maths, we will be describing different familiar routes.

Please ensure your child is bringing their homework books and their library books back regularly. Some children will be bringing home letter sheets with a QR code in addition to this.

Please note, Nursery will be closed on Monday 7th July and Monday 14th July due to Nursery visits.

Reception

We have made a super start to our topic on "farms". We have used non-fiction books to find out animal facts. We have been matching adult animals to their young. We have used our own pictures and sentences to record what we know.

We have also enjoyed reading the fiction story, "Farmer Duck" by Martin Waddell. We have discussed the characters in the story and have spoken about their feelings and emotions at different points.

In our whole class discussions this week we have been talking about friendships and how to be a good friend. We have spoken about the importance of being kind to others and how saying nice things makes others feel happy and special.

In our mathematics we have we have been learning how to recognise, order and write numbers to 20. We have also been using our number lines to order numbers and identify 1 more and 1 less than a number. We have been revising our number bonds to 9 and used number sentences to record our work.

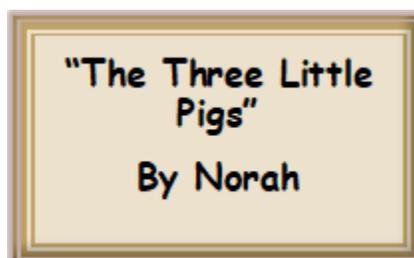

Next week we will continue with our work on farms. In our mathematics we will be working on doubling and halving.

A super week Reception children, well done!

Have a great weekend!

Mrs McQuillan and Reception staff

Picture of the week

Year 1

This week in Maths, Year 1 have been busy becoming brilliant bankers! The children have been recapping recognising coins, counting different amounts of money, and even solving real-life problems using coins. It's been great fun pretending to shop and buy items.

In English, we became poets and have dived deep under the sea to write their very own mermaid poems! We've explored magical sea settings, described shimmering tails, and used our imaginations to create sparkling verses. We based this on our book "Julian is a mermaid".

In ICT, we've been learning all about staying safe online. The children have talked about what personal information is, how to be kind online, and what to do if something doesn't feel right. They now know to always tell a trusted adult and to think carefully before clicking!

Well done Year One! Have a lovely weekend,

Miss Adams and Mrs Wilson

Year 2

This week we have had so much fun looking and collecting prefixes for our descriptions of how George, from our new book "The Dragon Machine" was feeling, first we checked to see if we could remember what prefixes were and named some of them and then we explored the meanings and definitions of each one. This enabled us to write appropriate sentences using prefix words and will mean that we are confident in using them in our big write pieces.

In Maths we have been learning about fractions and the differences between them, we have explored finding $\frac{1}{2}$ s, $\frac{1}{4}$ s and $\frac{1}{3}$ rds of shapes and then testing how this links to finding fractions of amounts. We applied the skills we learned in a range of ways including some tricky worded questions!

We have also completed our reading unit on The Rang Tan and used all the information we had gathered about how the rainforests are being cut down to make room for palm oil trees and how palm oil is in more of our day to day resources than we realise, for example shampoo and chocolate. Did your child take on the challenge of checking items in the supermarket to see if they contain palm oil? If not, it's not too late!

Year 3

Welcome back! We hope you all had a lovely rest over the half-term holiday.

In English this week, we have found out more information about volcanoes. We have improved our vocabulary by using synonyms to replace particular words in our writing and we have written notes ready to start our report on volcanoes this week.

In maths, we have focused on fractions this week and how a fraction is when a whole is split into equal parts. We have looked at fractions of shapes and what the possible whole shape could be.

In geography, we have finished the final part of our volcano topic and we have learned about tectonic plates and the ring of fire, which is where most of the world's volcanoes are located.

In P.E. we have just begun our topic of rounders and we have practised our throwing and catching skills.

Please see the table below giving information of our swimming lessons for the rest of term.

In science we looked at the bones in the body and labelled the skeleton. We also looked at different animal skeletons too.

In French, we have focused on different fruits and how we can say the plural of them. We also followed instructions to revise French numbers to 20.

In Personal Development this week we have discussed the changes that can happen in families and how certain changes can make us feel.

We have also started to re-cap our music knowledge from throughout year 3.

Thank you for your continued support,

Mrs Lassu, Mrs Salter and Mrs Guy.

Year 4

Welcome back! We hope you all had a lovely rest over the half-term holiday.

Mr Bowering returned to year 4 this week, we were all very pleased to see him.

In Maths this week, we have been adding and subtracting proper and improper fractions.

In English we have been spotting nouns and creating pronouns in place of nouns. Our current topic in P.E is cricket and is a well-liked sport by many of our year 4 children and is especially popular with Mr Bowering.

In History, we have been learning about the infamous Henry VIII and what happened to his six wives. We have learned that Henry VIII was not a particularly friendly King and that he beheaded and divorced his wives for some of the most shocking reasons. Finally in class 4, we have been learning how to describe the weather in French.

Fantastic work this week year 4, have a great weekend!

Mr Bowering, Mrs Heeley and Miss Ducker

Year 5

We've had a great week back and the children have all impressed us with their hard work and enthusiasm.

In English, we started our new book 'The Lost Thing' by Shaun Tan. We discussed the feelings of being lost or of losing a possession that is important to us. We also looked at the different meanings of 'belonging' and the importance of having a 'sense of belonging'. Then, we listened to a video and recorded words to describe the sounds and how they made us feel, with these, we made predictions using causal conjunctions and adverbials. Next week, we will read the first part of the story and create 'FOUND' labels for our own 'lost things'.

This week in Maths, we have continued our work on calculating with decimals and have explained how to multiply and divide a number by 10, 100 and 1000. We then used our knowledge of multiplication and division by 10, 100 and 1000 to convert between units of measure (length). Next week, we will continue to convert between units of measure using mass and capacity.

In Design and Technology, we continued our work on 'Bridges'. We explored ways in which trusses can be used to strengthen bridges. We used art straws to create different trusses and then tested them to see which design was the strongest. Next week, we will design our own bridges and begin to make them.

Year 5 children are taking part in the Key Stage 2 Music Festival on Wednesday 25th June, at the Metrodome Arena. The festival will take place in the afternoon, starting at 1.30 p.m. and will last for around an hour. Families are welcome to join us by making their own way there and audience admission is £5 payable on the door (cash or card). There is a poster displayed on the Year 5 classroom window.

Year 6

This week in year 6 we have been editing our writing as well as writing a further narrative based on description and a dialogue piece. We have also been practising our handwriting and looking at classifying organisms in science including birds, mammal, fish, amphibians and insects.

Next week we will be starting our catch up swimming and continuing with our science and wider curriculum subjects with Mrs Smith and Mrs Goulding as Mr Bowering will be returning to Year 4.

Have a lovely weekend after all your hard work writing this week Year 6.
